

Hjalmar Janson

GAME PROGRAMMER

WORK EXPERIENCE

AXIS

June 2019 - August 2019 and June 2022 - August 2022

During the summer of 2019 I worked in the IT department at Axis in Lund. I undertook various tasks, ranging from clearing hard drives to reviewing and updating the status of different servers, as well as assisting in various ongoing projects. In the summer of 2022, I returned to the IT department with increased responsibility. I was assigned my own project to be completed before the summer ended. This project focused on automation of work processes that were previously performed manually.

PRISMAFLEX INTERNATIONAL

June 2012 -

Prismaflex exports signs for outdoor advertising worldwide and has clients such as JC Decaux. My tasks have included assembling and packing spare parts, scheduling shipments, managing orders, constructing signs and sign components, as well as inventory of stock.

OTHER MERITS

SWEDISH GAME AWARDS NOMINEE

In 2023, one of the games I collaborated on at TGA was nominated in the category 'Sweden's best indie mobile game'. The game is called *Impfiltration* and is currently available for free on Google Play. In the game, I was mainly responsible for the AI and pathfinding.

FC KRUBBAN

2016 me and my brother started a football club playing in the amateur leagues.
